

INTERNATIONAL HEALTHCARE COLLABORATIONS: A WIN-WIN SITUATION

YOU ARE CORDIALLY INVITED TO
ATTEND AN INTERACTIVE TALK
BY **DR ANDREW WEEKS**

About a fantastic new exchange partnership between Liverpool Women's and Mulago Hospital in Uganda at Manor Farm Resource Centre, Manor Farm Road, Huyton, Liverpool, L36 0UB, on Tuesday 28th April at 5pm for a 'Buffet Dinner' and 5.30pm start.

Dr Weeks has a long-standing interest in African health services. He lived in East Africa as a child, and then returned there for two years in 2001 as a lecturer in obstetrics (pregnancy and childbirth). His time working in Mulago Hospital in Kampala made him realise that the two situations are very different, both in the health care problems that people have, and in the resources available to treat them.

You will also have the opportunity to find out more about the services provided at Liverpool Women's and our out-reach centres followed by a 'questions and answers' session with Trust Chairman Ken Morris, Chief Executive Kathryn Thomson and local Governors.

Please RSVP to Helen Gavin on **0151 702 4372** by Monday 20th April for catering purposes.
